¿WHAT IS VUI?

The Single Window for Investments (VUI) is a tool for investors that simplifies the necessary procedures in order to start doing business in Uruguay.

It helps speed up and simplify procedures by involving the public sector needed to establish a business or to help one settle in Uruguay.

Creation VUI: 18/10/2022
Law Number 20.075 – Art.518

OBJECTIVES

FACILITATION

COORDINATION

COOPERATION

- Contribute to the facilitation of processes, reducing costs and time frames for the procedures.
- Act as a coordinator to promote regulatory, process or technological changes for continuous improvement.
- Cooperate with the creation of control capabilities in entities, sharing information harmoniously in order to make their management more efficient.

STRATEGIC PLAN

TWO STAGES

INFORMATIONAL WEBSITE

Provides guidance on the procedures and necessary requirements in order to start doing business and offers access to handle the procedures of each entity in a decentralized manner.

ELECTRONIC PLATFORM

Allows for the centralized management of all procedures, connecting and sharing information among the agencies involved.

EXPECTED RESULTS

IMPACT

- All information in one place
- Cost reduction and time saving strategies
- Transparency in processes related to national regulations
- More predictability and safety
- Efficient allocation of resources
